How the Women's Giving Circle is connected to Mumbulla Community Foundation

The Bega Valley Women's Giving Circle is an initiative of **Mumbulla Community Foundation**. *The Foundation provides the formal governance structure and oversight, including the capacity to hold and manage funds raised by the Giving Circle in trust and provide the appropriate financial and legal framework for their use. Within this framework, the Giving Circle is donor-led and operates with a significant degree of autonomy.*

Members collectively determine the Circle's priorities, how it grows and raises funds, where its funds are directed, and how it can advocate for and respond to the needs of women and young people in the Bega Valley community. The Circle makes recommendations to the Mumbulla Community Foundation Board, which provides the formal approval for its decisions and activities.
